

The Shell Game by Scott Bennet [Must Read]

geopolitics.co

A Whistleblowing Report was submitted in the US Congress detailing the connection between the CIA, US Department of Justice and the UBS Switzerland to the Al Qaeda and ISIS terror networks on May 13, 2013.

This report is probably the number one reason why Eric Holder tendered his resignation a few days ago.

Intelligence reports were available that could preventive the Benghazi attack on US Embassy which led to the rape and torture of Ambassador Chris Stevens, but were buried. These are just some of the reasons why Edward Snowden decided to release what he had learned directly to the public.

Have a peek into the real world of covert intelligence smoke and mirror shell game and fully understand what's really going on behind the scenes.
